### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:
  - a. The prior art of record and IDS 6/7/06 does not disclose clamping block radially movable and/or a tool less locking assembly in combination with the other claimed limitations. The prior art for example US pat 6,164,170 discloses what appears to be a tool less locking assembly but is really an activation device nor is it a radially movable clamping block. This tool at best is rotational and not a clamping block. The other prior art fails to anticipate or render obvious the invention of the instant application. The prior submitted has been reviewed and does not read over the invention of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
